

Most Needed Items

Virginia Peninsula Foodbank is creating access to good, healthy food in the communities we serve, and we couldn't do it without your generosity. Our new healthy initiative program ensures that we procure the healthiest and most nutritious foods available for our neighbors experiencing fears of food insecurity.

Unfortunately, many low-income Virginians suffer from health conditions such as diabetes, high blood pressure, and other diet-related illnesses. Ensuring access to healthy foods helps mitigate these health conditions. When you choose items from our most needed items below, please know that you are contributing to the health and wellness of the neighbors we serve, and we thank you.
